Address: _____

Construction Fund

Up until the 2015-2016 school year, the school went up to the 6th grade. As a result many of our students ended their education at that level. In order to encourage students to continue with their education, we added the 7th grade for the 2017-2018 school year and 8th grade for 2018-2019. The current plan is to further expand to the 9th grade for 2019-2020 school year. Ecole Salem desperately needs to add four more classrooms and a computer lab. We hope to raise \$200,000 to cover the cost of the expansion.
